## Mrs. Fred Vnrath,

No. 228 Territorial Street, Benton Harbor, Mich.

"I am pleased to give my experience with Wine of Cardui as I am very grateful for its help. After my first baby was born I could not seem to regain my strength, although the doctor gave me a tonic which he considered very superior, but instead of getting better I grew weaker every day. My husband came home one evening with some Wine of Cardui and insisted that I take it for a week and see what it would do for me. As he seemed to have so much faith in it I did take the medicine and was very grateful to find my strength slowly returning. In two weeks I was out of bed and in a month I was able to take up my usual duties. I am very enthusiastic in its praise."

hers, as are their ambitions, triumphs and defeats. Healthy women do not suffer miscarriage nor does a woman who is healthy suffer tortures at childbirth. It is the woman who is ailing—who has female weakness—who fears the ordeal of becoming a mother. Wine of Cardui builds up the woman in a woman. It stops all unnatural drains and strains—irregularities which are responsible for barrenness and miscarriage. It makes a woman strong and healthy and able to pass through pregnancy and childbirth with little suffering. After the ordeal is passed the Wine prepares a woman for a speedy recovery to health and activity.

MOTHERHOOD is the noblest duty and highest privilege women can achieve or aspire to. Without this privilege women do not get all there is in life—too often they go through the world discontented, wrapped up in their own selfish cares and troubles. How different is the happy mother, watching her children grow into manhood and womanhood. A mother lives as many lives as she has children—their joys and sorrows are

Wine of Cardui, in re-informing the organs of generation, has made mothers of women who had given up hope of ever becoming mothers. Wine of Cardui will cure almost any case of barrenness except cases of organic trouble. How can you refuse to take such a remedy that promises such relief from suffering? Wine of Cardui simply makes you a strong woman, and strong, healthy women do not suffer. They look forward to motherhood with joy.

### WINE of CARDUI

A million suffering women have found relief in Wine of Cardui.

## NON-UNION DEMANDS

A Statement Has Been Filed With Strike Commission.

## INCREASE IS ASKED.

Twenty Per Cent Is the Advance Requested, but Instead of Reducing Hours They Oppose Placing Any Limit.

Scranton, Pa., Nov. 18.—The non-union mine workers, through their attorneys, John T. Lenahan and Joseph O'Brien, Monday night filed the statement of their case with the anthracite coal strike commission. In part, they ask:

First, for an increase of 20 per cent upon the price paid during the year 1901 to the employees performing contract and piece work.

Second, for a like increase of 20 per cent upon the price paid during the year 1901 to employees paid by the hour, day or week.

Continuing, the statement says that, instead of desiring a reduction in the hours of employment, "We insist upon a right to work as many hours as we choose and as opportunity affords, so as to better our condition and increase our earning capacity."

The statement then says:

Third, we demand the adoption at each colliery of whatever methods may be necessary and practicable to secure for the miner a minimum rate of 60 cents per ton of 2240 pounds upon all coal sold from said collieries, the differentials now existing at the various mines to be maintained.

Fourth, we protest against the making of any agreement between the United Mine Workers of America and our employers determining what wages shall be paid to us and what shall be the conditions of our employment, or pretending to deal in any respect whatever with our rights or interests as mine workers.

Fifth, we earnestly protest against any agreement being made by our employers with the United Mine Workers of America for the reason that any agreement, if made, will render it impossible for us to continue to earn our living by our labors in and about the mine in which we are now employed, or to which such agreement applies, and will subject us and our families to all manner of abuse, violence, outrage and probably murder.

The non-union men insist that it shall be "an indispensable condition of any dealing whatever with any members of the mine workers' union that they shall be required to desist from all manner of annoyance to us and our families, and shall permit us to exercise our right to earn our living in any lawful manner we choose."

The statement protests against any rule by which favoritism will be shown to union miners in the distribution of cars in the mines, and asks protection against all acts of intimidation, violence and boycotting, and describes how they have been terrorized during the strike. It concludes by guaranteeing that the non-union mine workers will abide by the decision of the commission on all questions decided by them, and agrees that whatever decision it reaches the same shall be final and conclusive. The statement is signed simply "Non-Union Mine Workers."

### IN THE RIVER.

The Bodies of Mrs. Sechrest and Babe in the Missouri Near Leavenworth.

Leavenworth, Kan., Nov. 18.—In the Missouri river near here a woman's straw hat with the following not has been found:

"To Whoever Finds This: Please take clothes to Journal office and they will send it to 445 North 26th street, Lincoln, Neb. This is to mark the place where I, Mrs. Al Sechrest and baby have gone to rest in the deep Missouri."

The woman's parents live in Lincoln. The hat was identified by a restaurant keeper in this city who says its owner ate several meals at his place last week. It is believed that Mrs. Sechrest is the wife of Frank Sechrest who was killed by Dr. Zorn at Kansas City three months ago in a dispute over a board bill. The river is being dragged.

### Was Principal Witness.

Kansas City, Mo., Nov. 18.—Mrs. Sechrest was supposed to have started for Kansas City to testify in the Zorn case, which was set for Monday, but up to this hour has not been located. The killing of Sechrest by Zorn was a sensational affair and Mrs. Sechrest was the state's principal witness.

Over 200 fugitives sailed from San Jose de Guatemala on the Pacific Mail steamer.

The exchange is rising by leaps and now stands at 1200 per cent without buyers. No mail has arrived here from Guatemala.

### IMPROVEMENT OF BRAZOS.

PROF. HARRINGTON THINKS STATE RECOGNITION OF THE ENTERPRISE IS NOT OUT OF THE QUESTION.

### THAT THE NEXT CONGRESS MAY AGT

Making an Appropriation, if the Houston Meeting Next Friday is Well Attended and Business-Like.

To the public:

On Friday, the 21st inst., at 8 p. m., there will be another meeting of the Brazos River Improvement association at Houston, and it is very important that there should be a full attendance of those interested. This does not mean merely those who own land in the Brazos valley, but also business men from the towns adjacent to the valley, and all who are in sympathy with the movement to improve the Brazos. It is really a more important meeting than the Navasota meeting, for it is probable that at this meeting some plan of state aid will be determined upon. A sub-committee appointed from the executive committee will make a report at this meeting as to the kind of legislation which it is deemed wise to ask of the next legislature. Another sub-committee will have a report as to the time when Capt. Riche will begin the expenditure of the money appropriated by the last congress for the improvement of the river to old Washington. It is believed that not only can we secure some state recognition of our claims and needs, but that the next congress will make a still larger appropriation to bring the dredging and channel-cleaning still higher up the river. It is only by united effort that we can succeed; but this, if continued, will undoubtedly bring success.

It does not matter as to what

your individual views are as to levying, straightening or making the river navigable. Every time the channel is touched by any of these it will be improved. Interest can only be maintained by attendance. And the public and state at large will be impressed only by the interest shown. You are probably going to Houston this week any way on account of the cheap rates. Wait until Friday and make your visit serve a double purpose.

At the Navasota meeting the annual dues of membership in the association were fixed at one dollar. This is necessary for incidental expenses and the expenses of special messengers or agents for particular purposes. Some counties have given a membership of 50 or more, and paid in their fees. I do not like to make a personal canvass for membership or dues, but I will receipt for all money received and forward the amount to the treasurer of the association. The members of the executive committee bear their own expenses to regular or called meetings of this committee.

In her days of prosperity the Brazos valley has been exceedingly generous to Bryan, and I trust that Bryan business men at least will now reciprocate substantially in a small way (and in a large way by their influence) the endeavor of the valley people to help themselves. H. H. Harrington, Member Ex. Com. from Brazos Co.

#### ENTERTAIN GRAND CHANCELLOR.

Hon. Jno. T. Bonner the Guest of Honor at a K. of P. Reception and Banquet Last Night.

Hon. John T. Bonner of Tyler, grand chancellor of the domain of Texas, Knights of Pythias, was royally received and entertained last night by the members of Brazos lodge No. 64, K. of P.

The Grand Chancellor arrived at 2:30 p. m., and was met at the depot by Messrs. O. E. Saunders, R. W. Howell and other members of the reception committee, and escorted to the Exchange hotel. Later in the afternoon he was escorted to castle hall to meet the members of the lodge and exemplify secret work.

The reception and banquet were tendered in the evening at the opera house, and the presence of the ladies made it a most delightful function. Those in charge of the arrangements had done their work well and a highly entertaining program was carried out. Chancellor Commander Robt. W. Howell was master of ceremonies.

Mrs. Nettie Everett Groom of Calvert and Miss Esther Boatwright rendered vocal selections to the infinite delight of the assemblage. Music was also supplied by a local orchestra. The address of welcome was delivered in fitting terms by Judge J. W. Doremus, in behalf of the membership of the lodge.

The feature of the evening was the address by Grand Chancellor Bonner, who is a fluent and entertaining speaker. His subject was "Pythianism."

At the conclusion of the program two tables, each sixty feet long and covered with snowy damask, were revealed on the rear of the stage, spread for the feast which had been prepared by the ladies. The program was just long enough to give everybody pleasant anticipations regarding the collation in waiting, which proved to be most acceptable and palatable.

Menu: Raw Oysters, Celery, Pickles, Olives, Crackers, Sliced Turkey, Chicken Salad, Bread Sticks, Salted Almonds, Fruit Salad, Macaroons, Roquefort Cheese, Wafers, Black Coffee.

Judge Doremus officiated as toastmaster and some impromptu speeches were made and some declined, many amusing situations resulting, so that there was no lack of merriment.

The affair, like everything projected by the Pythians, was a thorough success and a fitting compliment to the Texas grand chancellor. Visiting knights were present from surrounding towns.

#### A Family of Birds.

The wife of a Methodist minister in West Virginia has been married three times, says an exchange. Her maiden name was Partridge, her first husband was named Robin, her second Sparrow, and the present one's name is Quayle. There are now two young Robins, one Sparrow and three little Quayles in the family. One grandfather was a Swann, and another was a Jay, but he is dead and now a bird of paradise. They live in Hawk avenue, Eagleville, Canary islands, and the fellow who writes this article is a lyre bird and an interested relative of the family.

#### Not the Same Privilege.

Rank imposes obligation, but it also brings a certain freedom from restrictions that bind the humble. A map of literary aspirations who had his way yet to make in the world wrote a poem, which he submitted to his wife before sending it out for publication.

"Why, Henry," she said, on looking it over, "you have made 'hundred' rhyme with 'onward.'"

"That's all right," he replied. "Tennyson did it."

"Yes," rejoined his wife. "Tennyson could do such a thing, but you can't, Henry."

#### Getting Down to Business.

Mistress (to new servant)—There are two things, Mary, about which I am very particular. They are truthfulness and obedience.

Mary—Yes'm, and when you tell me to say you're not in when a person calls that you don't wish to see which is it to be, mum—truthfulness or obedience?

—Illinois State Register.

#### Willing to Be Tempted.

Willie (who has eaten his apple)—Mabel, let's play Adam and Eve. You be Eve, and I'll be Adam.

Mabel—All right. Well?

Willie—Now you tempt me to eat your apple, and I'll give way to temptation.

## The Quinlan & Wall Minstrels.

An advance notice says: A rich, magnificent treat awaits the patrons of minstrelsy at the Grand opera house on Saturday night, Nov. 22. On that date the Quinlan & Wall Imperial Minstrels will appear. True, this is their inaugural season, but the organization is owned and directed by Dan Quinlan and Jimmy Wall, who are strongly intrenched behind the savings and experience of fifteen years as performers, originators and managers. It has managerial munificence, which accounts for its meteoric merit.

The company lays claim, and justly so, to having the most original, elaborate, and far-reaching First Part ever conceived. It is called, "A Reception to the Diplomatic Legion." It deals with the governments of earth, and is therefore historic. It requires the most gorgeous scenery ever touched to canvas by master's brush, and to illuminate it 3,000 incandescent bulbs are used. This makes it an indescribable eye-feast of decoration and color. The diplomats of all the Great Powers, robed in fac-simile government costumes, will be impersonated. The Capital of our nation will be shown with all its principal streets, buildings and monuments. In wonder, spectators gaze upon this minstrel spectacle. They are amazed, but gloriously instructed and amused. U. S. Senator Gorman, of Maryland, in speaking of "A Reception to the Diplomatic Legion," said: "It is a production of thought. Dan Quinlan, its author, thought it out, after fifteen years of study and research. Its virgin virtues, so to speak, mingle patriotically, historically, instructively and entertainingly with its verity."

## "THE TEXAS RAILROAD"

"In a business letter to General Passenger Agent D. J. Price, of the International & Great Northern system of Texas, on my return from Europe, I was pleased to remark that I had not run across any railway in Britain, Germany, Russia, Switzerland, Italy or France that excelled the I. & G. N. in the stolidity and smoothness of its track, or the beauty and comfort of its new coaches—the company's own make at its Palestine shops. "If you had said that in THE 400," replied Mr. Price, "we should have considered it a very notable compliment." I am very glad to repeat it in THE 400, and to also reiterate what I said of the I. & G. N. equipment in the May number—that it is not surpassed and seldom equaled by the older and richer railroads in North and East. This is remarkable, in view of the age and population of Texas, but I claim to be a judge."—Chicago 400, November, 1902.

## DECISION OF THE KING

Full Text of Same Was Given Out in Three Cities.

## GERMANY IS VICTOR.

Oscar Gives it as His Opinion that the United States and Great Britain Were Not Justified in Their Action.

Washington, Nov. 18.—By previous arrangement between the principals there was Monday published simultaneously in Washington, London and Berlin the full text of the decision given by his majesty, King Oscar III., as arbitrator between the three countries named of certain claims owing to military operations conducted in Samoa in the year 1899. The decision is long and abounds in whereases and conclusions, and in substance it has been announced heretofore in the cable dispatches from Stockholm. The preceding publication, however, did not convey to the officials here a full realization of the complete victory won by Germany in the arbitration, for it appears that on every single point the arbitrator adopted the most extreme German view in opposition to the United States and Great Britain. The arbitration grew out of claims by Germans or British subjects or American

KING OSCAR.

citizens for compensation on account of losses they alleged they had suffered in consequence of unwarranted military action on the part of German, British or American officers in Samoa between the 1st of January, 1899, and the 13th of May following. The question really at issue was whether or not the British and United States governments should be considered responsible for the losses. The arbitrator decides that the United States steamship Philadelphia and the British ships Porpoise and Royalist, March 15, 1899, opened fire across the town of Apia, Samoa, directing the same against the forces of High Chief Mataafa; that the same vessels brought the newly appointed king of Samoa, Malietoa, and his forces to Mulinu Point and supplied them with arms and ammunition for the ensuing struggle against Mataafa. In answer to British and American claims that under the treaty of Berlin, any one of the signatory powers was fully authorized to enforce the decision of the chief justice of Samoa, declaring Malietoa king, the arbitrator says:

"We have found nothing in said general act or any subsequent agreement which authorizes one of the powers or a majority of them to take action to enforce the conditions of the act or to make the decisions of the chief justice binding on the powers."

### Pulp Paper Mill.

Ashville, N. C., Nov. 18.—A pulp paper mill, backed by millions of dollars and to become one of the largest industries of its kind in the south, will be established in western North Carolina. ### No Asiatic Dances.

New York, Nov. 18.—That no dances labelled Asiatic are to be exploited in the midway at the St. Louis exposition has greatly pleased the Orient, according to a dispatch received by Miss Helen Gould, from John Barrett, former minister to Siam, who is representing the exposition in the far east. The dispatch was read at a meeting of the board of lady managers of the exposition, held at Miss Gould's home in this city.

New York, Nov. 18.—President Palma of the Cuban republic is quoted in a dispatch from Havana to the Tribune as having said: "Statements from Washington in connection with the reciprocity bill to the effect that Gen. ## BRUIN FLED.

The Only One Flushed Harriedly Left for the Canebreaks.

Smedes, Miss., Nov. 18.—The bears in the swamp country around the president's camp on the Little Sunflower seem to have effected a successful combination to prevent the president from having a single shot at one of them on this expedition. The only one the dogs started Monday fled in a northeasterly direction at the first cry of alarm and did not stop running until he reached the canebreaks, about nine miles from camp. There he was overtaken by Mr. McDougal, one of the managers of the Smedes plantation, who killed him at seventy paces. The president, who had started in the rain with Holt Collier, did not hear the dogs after they first struck the trail.

The president takes his ill luck good naturedly. He says it is simply the fortune of the chase.

The bear killed Monday weighed 225 pounds. Judge Dickinson is the only other member of the party except Mr. McDougal who has fired a shot. The judge missed a swamp deer at 100 yards.

## OLD AGE PENSIONERS!

Federation of Labor Delegates Discuss This Question.

## REPORT IS ADVERSE.

While the Matter Was Being Debated Fraternal Representatives of Canada, Scotland and England Were Introduced.

New Orleans, Nov. 18.—The committee on resolutions of the American Federation of Labor this morning reported favorably on resolution introduced by the Coopers' union asking the convention to protest against the bill now pending in the United States senate requiring the government to cease issuing revenue stamps on all packages of malt of brewed liquors of the denomination of one-eighth. The report was adopted. A resolution pledging the Federation to use every effort to defeat legislation against railroad ticket brokers and anti-scalping bills was favorably adopted.

A resolution pledging the Federation to assist in securing increased pay for letter carriers were also recommended for passage.

Delegate Mahon declared as the letter carriers declined to affiliate with the American Federation of Labor he thought the matter should have consideration before passage.

Delegate Max Mayes, who introduced the resolution, declared the policy outlined by Mr. Mahon to be too narrow and the proper method was to encourage other labor organizations. The resolution was adopted unanimously.

A resolution requesting the Federation to seek the good offices of the national administration in securing relief and protection for labor organizers in Porto Rico was favorably reported and carried unanimously.

A resolution declaring preference be given to union musicians at St. Louis exposition was also adopted.

A resolution introduced by Victor L. Berger of Milwaukee, instructing Federation of Labor to use its best efforts to induce the national congress to pass a bill securing to every wage worker who shall have reached the age of sixty years without having had an average annual income \$1000 of a pension, \$12 per month, provided the wage worker is a citizen of the United States, and resided in this country for twenty-one years when the application for pension is made, was unfavorably reported. Mr. Berger made urgent appeal for the passage of the resolution.

Delegate Charles Sherman of the United Metal Workers also asked the passage of the resolution, saying the wage workers of the country had as much right to a pension when they were worn out in harness as any man who is directly employed in government service. "When we ask the government for anything," he said, "we must remember we are asking ourselves, for we are the government."

Great applause greeted Mr. Sherman's address at frequent intervals. James B. Lennon opposed the resolution because of the increased taxation it would bring, and declared working men wanted no charity. "If they must have old-age pensions," said he, "they should come from the trades unions and not from the government."

Delegate Jones of the Hatters' union favored the passage of the resolution, as did several others.

Debate temporarily closed to hear fraternal delegates from Canada, Scotland and England. Epoch Edwards, an English delegate, made a happy address for the others.

## SLOW PROGRESS.

Counsel Before Strike Commission Anxious to Expedite Hearings.

Scranton, Pa., Nov. 18.—Another large crowd was in attendance when the arbitration commission began its fourth day's sitting.

Mr. Mitchell, who has been on the stand since last Friday, took his place in the witness box and cross examination by Wayne MacVeagh for the Erie company was resumed.

It was the general opinion of the attorneys that some arrangement would have to be made to shorten the inquiry, as at rate progress is now being made it will take weeks to hear both sides to controversy. If counsel takes no action it is likely the commission will suggest that something be done. The commissioners recognize that President Mitchell is the most important witness the miners will have and they are loth to have matters hurried while he is on the stand. He being president of the union his opinions are looked upon as official, and also as reflecting the policy of the organization.

Before proceeding to examination J. T. Lenahan of Wilkesbarre one of the attorneys for the non-union men, who want the commission to take up their case, handed to the commission a list of 2000 names of non-union men as his authority for appearing before the arbitrators.
